

Consent for my agent to help me with my Marketplace health insurance

Date: 10/12/2026

Client: Alberto Medina Lara

Agent: Laura Montes

Agency: Agencia de prueba

What I authorize (scope). I authorize Laura Montes, of Agencia de prueba, to help me with my Marketplace health insurance (HealthCare.gov): look up my application, review my information, make changes and renew it, enroll me in a plan, and follow up on payments and documents the Marketplace asks me for.

Why (purpose). So my agent can help me renew my coverage for plan year 2027 and keep it up to date during that year.

How long (duration). This consent lasts until the end of plan year 2027 (December 31, 2027) or until I take it back, whichever comes first.

How to take it back. I can take it back at any time, at no cost and without giving a reason: by texting "REVOCAR" (revoke) to my agent, by asking through any channel (call, message, email or in person), or from this link: [http://localhost:8010/c/\(prueba\)/revocar/](http://localhost:8010/c/(prueba)/revocar/)

What does not change. My agent cannot submit anything until I review and confirm my application. I will keep receiving Marketplace notices in my name.

By typing my name and signing below, I confirm that I read this text and give my consent.

Alberto Medina Lara
